

About us

At Vivendi, we are committed to ensuring that everyone has the chance to lead a fulfilling, independent, and purposeful life.

As a dedicated NDIS provider, we take pride in supporting individuals with disabilities and the elderly through compassionate, personalized, and empowering care. We focus on fostering relationships based on trust, dignity, and respect, collaborating with participants, families, and the community to enable each person to live life as they choose.

Vivendi

comes from Latin, meaning
“to live” or “the way of living.”

But at Vivendi, it means much more. It's about living with purpose, with dignity, with choice. It's about supporting people to not just exist—but to thrive. It's about the everyday moments that bring joy, confidence, and independence.

Vivendi acknowledges the traditional custodians of the land across the nation, and pays respect to first nations elders past and present.

Every person is unique. So is the care they deserve

You tell us what matters—your goals, your preferences, your way. We'll work with you to design a support plan that respects your choices and empowers your life.
