Need a Functional Capacity Assessment (FCA)?

A Functional Capacity Assessment (FCA) is a comprehensive evaluation that assesses your ability to perform daily activities and participate in the community.

Who Does an FCA?: Mostly Occupational Therapists (OTs), some other therapists may also provide them

How Much Does It Cost?

- 💰 OTs charge \$193.99 per hour (NDIS price guide)
- ⌚ An FCA takes 10–15 hours, depending on complexity
- 💵 Total cost: \$1,500 – \$3,000

How Do You Get an Assessment?

- Contact MyCareSpace Connection Team
- We'll find the right therapist for you and book your assessment
- After the assessment, you'll receive a detailed report with recommendations
